

Nedlands Primary School

EXPERIENCE THE OPPORTUNITIES

May 2017

Dear Parents,

Welcome back to Kindy for another exciting and challenging term! The children were very excited to be back and to spend time with their friends again. We have a new student in the Red Group, Neha. The children have made her feel very welcome and we would like to extend this friendship to her parents.

This term we are extending the topic “Me, Myself and I” from Term one to the “Family”. We will be discussing family structures, where we live and extending out into the community. Isla’s dad (Red Group) will talk to the children about being a fireman and we will have Farmyard on Wheels visit the Centre, as many children have mentioned that they visited a farm on their holidays.

This week we are extending our home corner area by making a white picket fence to enclose the rear deck as a balcony. We have also been busy using the cloth materials to construct cubbies.

In week four, we will start our “Object Based News”. It will be Monday for the Red Group and Tuesday for the Blue Group. This will be incorporated into our phonics program by asking the children to bring an object starting with a specific sound. This is to encourage correct sound formation (speech), recognition of letters and confidence in presenting to a group. Children need to practice the steps for presentation as was sent home last week. Thank you

WEEKLY SOUNDS FOR “OBJECT BASED NEWS”

Week 4 – “s”; Week 5 – “a”; Week 6 – “t”; Week 7 – “p”; Week 8– “i”;
Week – 9 – “n”; Week 10 – “m”.

This list will be placed on the door to refer to the sounds as the weeks progress.

The children will also take home their number line (1 to 10) that they have cut out for themselves. This can be placed for the children to see and support number formation, identifying numbers, understanding before/after and more/less.

Regards

Christine Onley
