- Please remember to send your child to school with a healthy snack and lunch and their drink bottle filled with water. All children need to have a spare change of clothes in case of accidents.

- Parents must be off the premises by 3.20pm as the staff often have collaborative or staff meetings to attend at the school.

- The nurse has been to check the children’s health and will be back in fourth term to recheck some of the children and complete the new children who have joined us this term.

Many thanks for your assistance and understanding.
