

Visual Art News from across the School.

Semester One has created some fabulous Art displayed around the school.

Art works can always be found in classrooms, the office, library and of course the Art room.

The library is currently displaying paper mache Cats from the topic of Pets created by Year Ones.

This was a BIG endeavour for Year one students who found the process exciting as they watched their cats develop into the finished product.

Year Two have produced a series of art work on Water. One highlight was working in teams to create large aerial River drawings. Currently they are focusing on Transport and the students have used charcoal to create helicopters. Our next exciting project is to construct paper clay Cars.

Year Three have been having fun exploring appropriations created of famous artworks and then created their own. The most fun of these has been of Mona Lisa.

They are now creating some scary Minibeasts using a variety of media.

Year Four spent Term One looking at Earth Changes and represented cyclones, bushfires, drought and volcanoes using a variety of media.

This term they are looking at Australian Endangered Animals and have had lots of fun in Printmaking creating prints of the Gilberts Potoroo.

Year Five have looked at Sustainability and have used a selection of recycled materials to produce art works- including mobiles and collage trees from old comics and plastic offcuts.

Now they are working on dot paintings incorporating symbols from the Aboriginal Culture.

Year 6 have explored in depth the different types of Sculptures - firstly focusing on the coral bleaching on Australian reefs constructing 3d paper coral in white to represent the bleaching and then painting them to display their natural beautiful colours.

They collected a large amount of plant and natural objects from the playground to each make an Ephemeral sculpture that was photographed before it was dismantled.

This term they have made a 2d Imaginary creature and are about to make their creature into 3d form from paper clay.

ART and PHILOSOPHY DAY @ ART GALLERY of WA

Friday 16th June saw 6 lucky Year 6 students -

Abhinav Strestha,

Cora Stanborough,

Sage Edwards,

Ava Peel

Suzy Parker -Griffin

and Jet Ryan

-attend an Art and Philosophy day at the Art Gallery of WA .

In groups they were able to view and discuss art works under the guidance of the expert gallery guides.

Highlights were seeing the fabulous History of the Sneaker exhibition, making new friends from other schools and gourmet muffins at morning tea!

Julie Chester

Art Specialist Teacher.
